

## IP Office Essential Edition

### For Essential Business Communications

#### Overview

The IP Office *Essential Edition* is the foundation upon which to build your IP Office solution. Providing the necessary call handling and routing functionality for IP Office, *Essential Edition* helps ensure small businesses have the communications tools they need to operate effectively and efficiently.

Get the basics: caller ID, dial-by-name, automated attendants, conferencing, voicemail, and more. *Essential Edition* provides the “must haves” small businesses need to enhance their communications with customers and colleagues and streamline their operations.

#### Capabilities

- **Automated-Attendants** – Program up to 40 automated attendants (maximum 6 simultaneous calls) to handle almost any customer situation. Customize caller greetings so key clients receive a personal message and are routed directly to the most appropriate person or team.
- **Dial By Name/Extension** – Callers can easily reach the person they want to connect with by simply typing the name or extension on the phone keypad.
- **Voicemail** – A range of choices that enable staff to stay connected regardless of where they are. Retrieve voicemail messages from the keypad on any telephone, through the context-sensitive display on an Avaya phone, or via email (voicemail messages show up just like an email).

#### Benefits

- **Efficient call handling** – Through touch tone prompts, quickly route customers to the right department to save your time and their's
- **Convenience** – Enable callers to easily enter the name of the representative they seek for fast, personalized attention
- **24-hour access** – Customized voicemail greetings for each member of your staff enables customers to feel connected even when you're not there
